GENERAL AND COMPLETE DISARMAMENT: PROHIBITION OF THE DUMPING OF RADIOACTIVE WASTES

Note verbale dated 27 October 1992 from the Permanent Representative of the Bahamas to the United Nations addressed to the Secretary-General

The Permanent Representative of the Commonwealth of the Bahamas to the United Nations presents his compliments to the Secretary-General of the United Nations and, in his country's capacity as Chairman of the Foreign Ministers of the Caribbean Community (CARICOM), has the honour to request that the attached statement of the Ministers responsible for Foreign Affairs of CARICOM on the proposed shipment of hazardous and radioactive waste through the Caribbean be circulated as a document of the General Assembly under agenda item 61 (k).

Annex

Statement on the proposed shipment of hazardous and radioactive material through the Caribbean

The Ministers of Foreign Affairs of the Caribbean Community (CARICOM) expressed their grave concern at the proposed shipment of hazardous and radioactive material through the Caribbean subregion and waters falling under the jurisdiction of CARICOM member States.

In this regard they recognized the serious dangers such shipments could present both for the environment as well as for the health and safety of the people of the region.

The Ministers decided to initiate immediate consultations with the appropriate United Nations agencies and other relevant international bodies as well as with the countries concerned with or involved in the transport of such material in order to determine what action may be required to ensure the safety and security of the region.

AGENDA ITEM 105: PROGRAMME PLANNING

At the 2nd meeting of the First Committee, on 8 October 1992, you drew attention to the fact that the General Assembly had allocated to the Committee, in addition to the usual items on disarmament, international security and Antarctica, that part of item 105, Programme planning, which related to programmes 1, 2 and 7 of the medium-term plan for the period 1992-1997. The undersigned Member States have considered these questions and their views are set forth below.

We have studied the documents drawn up by the Secretariat on each of the three programmes (A/47/6 (Prog.1), A/47/6 (Prog.2) and A/47/6 (Prog.7)) and have reviewed the relevant records of the Committee for Programme and Coordination (CPC), which considered these documents at its resumed thirty-second session from 31 August-18 September 1992.

We believe that it would be appropriate for the First Committee to decide to send a single, consensus message to the Fifth Committee in the following terms:

> "The First Committee supports the proposals of the Secretariat regarding proposed revisions to the medium-term plan for the period 1992-1997 as modified by the Committee for Programme and Coordination at its resumed thirty-second session."

We would like to express particular support for the recommendation of CPC that in old paragraph 7.42 of document A/45/6/Rev.1 a reference should be added to resolution 46/36 L, in which the General Assembly requested the Secretary-General, inter alia, to establish and maintain at United Nations Headquarters a Register of Conventional Arms. Draft resolution A/C.1/47/L.18 in its operative paragraph 7 requests the Secretary-General to ensure that sufficient resources are made available for the United Nations Secretariat to operate and maintain the Register. The Secretary-General, in his report entitled "New dimensions of arms regulation and disarmament in the post-cold-war era" (A/C.1/47/7, para. 36) assured the Committee that the Organization would do all that it could to make the Register an efficient and successful service for Member States.

We fully support the Secretary-General in his efforts to restructure the Organization and to make it more efficient. Within the context of these efforts and within existing overall resource levels of the Organization, we trust that the reorganized Office for Disarmament Affairs will be adequately staffed to permit it not only to develop and operate the Register and the disarmament database but also to carry out efficiently its other priority tasks in the field of disarmament. We look forward to the Secretary-General's proposals in this respect in the draft programme budget for the next biennium. In the short term, we trust that he will make appropriate use of the flexibility at his disposal.
